

Oakville, Cal April 12th 1893.

Dear Cousin Emma:

Here I send you the two crochet patterns that Tanta told me that you have not got. I would have sent them sooner, but I did not have time to copy them since I have lot of pretty crochet patterns now from Mrs. Pugh (our teacher) I copied them off of a paper, some of them are very pretty.

Dear Emma: I received Albert's letter last Friday and he told me that you were out sewing. How do you like dress making? Albert and I were up to see Mrs. Gasco, and also Mrs. Rianda yesterday. But tell Tanta that we did not make that trip up to Stiers any more since they left here. It was too ^{bad} that it was so bad weather all the time that they were here. It has been good weather nearly all the time that since they left.

I think this is about all the news now that I know for this time. I send my best regards to you all

Ever your loving cousin
Lorisa.

It is past ten o'clock now,
and I am getting
sleepy

I like to go and see the little white mouse to see me yesterday.
How good bye. I am so glad to hear this news. I am so glad.
I am so glad to hear this news. I am so glad.
