Honolulu July 23-39

Dear Bob.

How goes it? Is every thing O.K. at camp. You know I depend on you to take care of every thing while I am away. With Uncle Chas. in the condition he is in, it remains for you to see that every thing is taken care of that I would do when I am there.

Keep the water buckets filled, and stove + lantern with gas. and such things as that to make it easier for Mother. you know it is no easy task to watch over a family as well as your Mother does, and any thing you can do to relieve her of worry and work certainly will be a big help.

You have shown by your efforts the past two weeks that you can do a lot to do so. Keep the good work up old boy.

Say Hello to Bill and help him with his swimming too - (The Baron) My Aloha -
Pat.

I addressed your letter in this
manner so that you would be sure and
get it, hope you don't mind - ?

Pap-
