

Dear Bob

Just a line to say hello.

Sonny and I are going to get some mice. Chuck has already sent for two, a male and a female then both are gold up color. We have also sent for some Quail but they won't be here for a few more weeks yet.

We are going to get up a mouse or quail pen on one of Edwin's tables (which he found) since patches is gone. You may have your pick with a mouse or pig. We went all over the Camp trying to get some mice and we couldn't get any so a bunch of chicks found something which they were getting some.

Last week the week machine busted. Pap worked on it tonight and got it fixed.

The nabor lady, Mrs. Ellen Crutcher, a calf, a goat, and a pig today and brought us some calf liver over tonight.

Will Bob & I give I
will close now.

I wish you lots
of luck and God bless
you. If you don't have time to
write just write to the whole
family.

Love from a
your brother
Skitt

P.S.
Major's fine
