*I rather think that some-  
one should take over from here.  
I'm not going to try the typewriter  
until it gets a better education,  
of course. (as per Balis suggestion.)*

*Last night we saw  
the Cal Poly - Cal Tech game.*

Naturally Cal Poly won. It was a very good game. There was also a dance afterwards so we had a gay time.

We wonder if you would be so kind as to get our pictures at Jena's. They were supposed to be ready by the 27<sup>th</sup> and would appreciate it very much if you would pick them up for us. Also, please, don't show them to anyone or let them know you have them because everyone will want to see them before we get home. Of course, you may show them to Nana.

We still don't know when

we will get a trailer house  
so will stick it out down  
here for a couple of weeks  
before going home.

No news - no nathin'  
so bye for this time.

Lane,

Janet & Bob.

P.S. You'll probably have to pay the  
photographer's bill when you pick  
up the pictures. Will settle  
with you when we get home.
